## BOARD OF DIRECTORS- FIVE MEMBER-AT-LARGE SEATS ELECTION BALLOT

-PAGE 1 OF 1-

To: All ADEMS Physician Members

Date: June 29, 2009

The ADEMS Board of Directors received nominations for the five open Member-At-Large Board seats. Nominations were taken from the floor at the Annual Dinner Meeting held on May 14, 2009 and additional nominations were accepted through June 15, 2009. The following six candidates (listed in alphabetical order) were nominated and are seeking your vote to become Members-At-Large on the ADEMS Board of Directors. To view their complete biographies, please go to [www.ademedicalsociety.org](http://www.ademedicalsociety.org).

Each ADEMS member may vote for FIVE candidates by placing a V checkmark next to FIVE candidate names and return their election ballot via FAX. Your printed name on the ballot is required to insure votes are not counted more than once. Ballots received without a member name will not be counted. Both your name and candidate selection will be held confidential. Completed ballots will be accepted through 3pm on Friday, July 17, 2009 at which time the election will be closed. The votes will then be counted and the top five candidates receiving the highest amount of votes will win the member-at-large seats. Since terms are staggered, the top three candidates receiving the most votes will get the 2year seat for their first term and the last two will receive the 1 year seat for their first term. Results will be shared at the ADEMS Board of Directors meeting scheduled July 21st, and in the following newsletter publication. Below are your candidates:

\_\_\_ Fernando Carreira, MD, Gastroenterology, *South Denver Gastroenterology*

\_\_\_ Karen Davis, DO, Medical Director, *United Healthcare*

\_\_\_ Kristin Freestone, MD, Radiology, *Radiology Imaging Associates*

\_\_\_ Lloyd Mobley, MD, Neurosurgery, *Peak Orthopedics and Spine*

\_\_\_ Timothy Pingree, MD, Otolaryngology, *Integrated Ear, Nose & Throat*

\_\_\_ Sharon Tomaski, MD, Otolaryngology, *Colorado Adult and Children's ENT*
